

Logic Master Event Report

Introduction: The "Logic Master" event, organized by the ACM members of Dadi Institute of Engineering and Technology, provided a competitive platform for students to showcase their programming and logical reasoning skills. This event engaged participants in a fun and challenging way, encouraging them to demonstrate their coding proficiency and problem-solving abilities.

Event Format: The event consisted of two distinct rounds:

Round 1: Participants solved a series of multiple-choice questions (MCQs) in their choice of programming language: C, Python, or Java. This round focused on assessing their theoretical knowledge and understanding of fundamental programming concepts.

Round 2: In this practical round, participants were given specific outputs and challenged to write code that would produce those outputs, testing their coding skills and creativity in problem-solving.

Participants: The event attracted a diverse group of students from various departments, eager to showcase their skills in programming. The atmosphere was competitive yet supportive, with participants encouraging one another and sharing insights throughout the event.

**DADI INSTITUTE OF ENGINEERING & TECHNOLOGY
(AN AUTONOMOUS INSTITUTE)**

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to JNTU GV)

Accredited by NAAC with 'A' Grade and Inclusion u/s 2(f) & 12(B) of UGC Act

An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

NH-16, Anakapalle – 531002, Visakhapatnam, A.P.

Website: www.diet.edu.in, 9963993229 E-mail: info@diet.edu.in, academics@diet.edu.in

Winners: After the rounds concluded, the results were as follows:

Winner: Koushik (II CSE-B)

Runner-Up: Balaga Chiranjeevi (I CSM-A)

Both winners demonstrated exceptional skills and creativity in their problem-solving approaches.

Impact and Feedback: Participants and attendees expressed high levels of satisfaction with the "Logic Master" event. Many highlighted the relevance of the topics covered and the value of the hands-on coding challenges. The event not only boosted participants' confidence in their programming skills but also fostered a collaborative spirit among students. There was a strong interest in hosting similar events in the future, emphasizing the positive impact on engagement with coding and logic challenges.

Conclusion: The "Logic Master" event at Dadi Institute of Engineering and Technology was a resounding success, showcasing the programming talents and logical reasoning skills of the students. The event promoted critical thinking, problem-solving, and a sense of community among participants. The ACM members look forward to organizing more events that inspire innovation and collaboration within the student body, further enhancing their technical skills and knowledge.
